

Hello, World!

Icebreaker – What's your neighbor's name and major?

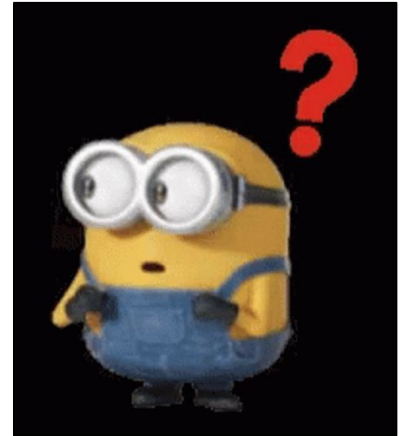

Darkmode vs Lightmode? Pineapple on Pizza? What does ACM stand for?

Meet Your Officers!

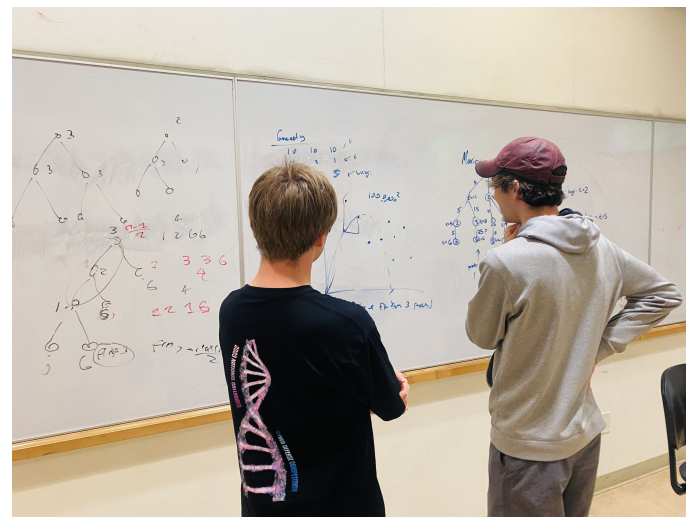

You and Oregon State CS

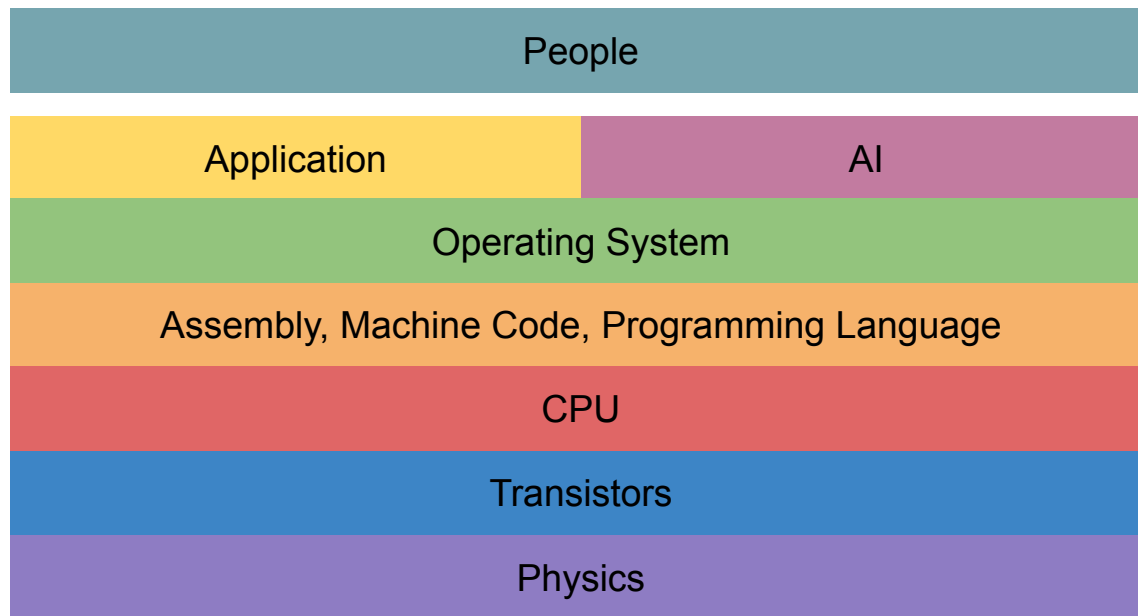

About ACM

- Free Pizza! 🍕
- Weekly meetings (Tuesdays & Thursdays)
- Talks from companies
- Fun games
- Explanations of CS concepts
- Coding adventures
- Career Advice
- Office Hours

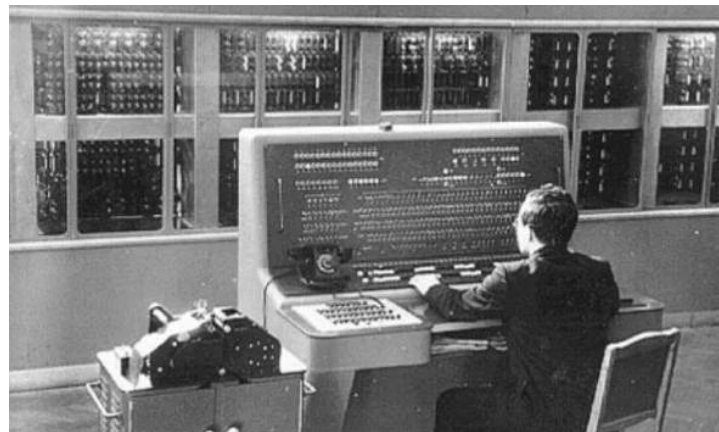

'The Stack'

Systems Option

Learn how computer magic really works

- Classic CS
- More Electrical / Hardware (Digital Logic, OS II)
- Understands more a more expansive stack

Cybersecurity Option

x

acm
@OSU

Security Operations – monitoring and responding to security threats

- Capstone: doing security work for external organizations!

Security – more like security engineering

- Security-focused software capstone

- Security is important!
- But classes aren't everything
- Join us ----->

Applied Option

The world is your oyster.

- AI
- Data Science
- Business
- Human-Computer Interaction
- Simulation and Game Programming
- Web & Mobile App Dev
- Innovation & Entrepreneurship
- Robot Intelligence
- Business Information Systems
- Custom Focus Area
- Bioinformatics

Your Applied Category Doesn't Really Matter

it's not actually on your degree / transcript

x

AI & Data Science Option

Core

- CS 331 Introduction to Artificial Intelligence (4)
- CS 434 Machine Learning and Data Mining (4)
- CS 475 Introduction to Parallel Programming (4)
- MTH 254 Vector Calculus I (4)
- MTH 341 Linear Algebra I (3)
- ST 314 Intro to Stats for Engineers (3)**
- ST 421 Introduction to Mathematical Statistics I (4)

Core

- CS 434 Machine Learning and Data Mining (4)
- CS 440 Database Management Systems (4)
- CS 453 Scientific Visualization (4) or CS 458 Introduction to Information Visualization (4)
- CS 475 Introduction to Parallel Programming (4)
- MTH 254 Vector Calculus I (4)
- MTH 341 Linear Algebra I (3)
- ST 314 Intro to Stats for Engineers (3)**
- ST 421 Introduction to Mathematical Statistics I (4)

Pros:

- **AI and Data Science is a rapidly growing field with a massive job market**
- **Very applicable to any industry out there**

Cons:

- **Requires deep understanding of mathematics and statistics**
- **Good chunk of jobs ask for a graduate degree**

Business Option

Do you want to make a startup and sell software?

- Fundamentals of business
- Business Language
- Communication & Management
- All with your standard CS courses!

Announcements

- Office Hours Fridays KEC Atrium 3-5
- Competitive On Tuesdays
 - ICPC Coming Up (Sat, Nov. 19)
- Keep an eye out for our website
